Heritage News Index
1987-1998

Judith Zoon
NOTE

This is the second index to the Heritage newsletter. The first covered the period from the start of publication, in 1973, through 1986. During the period covered by the present index, 1987 through 1998, the publication underwent some slight variations. From 1987 through 1990, we issued a sixteen-page publication every quarter; since 1990, the newsletter has appeared bimonthly in a 12-page format. Exceptions to this: in 1987 three issues (not four) appeared, and five issues (not six) appeared in 1992 and in 1993. With the issue of July/August 1998 (Vol. XXVI, No. 4), the Heritage Newsletter became Heritage News, sporting a new design.

While all of the issues included in this index appeared under the name The Foundation for San Francisco's Architectural Heritage, on January 1, 1999, the organization's name became San Francisco Architectural Heritage.

Don Andreini, Editor
1999
